I have not really had a chance to check all the information you sent but I do have a comment or information about Levi Nathaniel Yancy (Yancey).

On a copy of his Marriage Certificate The name is clearly written "Yancey" yet on his grave marker it is spelled "Yancy" and all of the markers for his relatives in the same cemetery are spelled "Yancy".

My cousin Eulalia has told me that she believes the Markers were all wrong. To me it makes more sense that Levi Nathaniel for some unknown reason adopted the spelling "Yancy" and it has carried down through the family.
